bringing pleasure back to boating

RYA powerboat courses and engine maintenance courses

About our courses

DD Marine Training school runs courses to keep you out on the water and get the most out of boating. Our training includes Powerboat Level 1 and 2 and Intermediate and Advanced RYA qualification, as well as an RYA diesel engine course and our own in-house outboard engine course, all designed to ensure you keep your engine in tip-top running order.

Our training courses

RYA Powerboat Level 1

Practical and very hands-on introduction course for adults, children and teenagers with a strong emphasis on safety.

RYA Powerboat Level 2

Ideal for new boat owners to instil confidence in being able to pilot a powerboat safely at high speed in coastal waters.

RYA Intermediate Powerboat

Helps you develop an in-depth knowledge of powerboating to manoeuvre a powerboat in a wide range of wind and tides.

RYA Advanced Powerboat

Gives an understanding of boat handling and navigating to execute passage at high speeds at day or night in heavy weather.

RYA Diesel Engine Course

All the know-how to check over your engine and keep it in tip-top order and service tips to prevent unplanned problems at sea.

Outboard Motor Course

Offers you a good understanding of how they work, education and guidance on their operation and tips on routine maintenance.

Testimonial for DD Marine Training

"We did the RYA Powerboat Level 2 course with Dale and his team and I have to say we thoroughly enjoyed it, especially the time out on the water with Ribzilla!"

"We're looking forward to getting to Europe with our ICC qualification to hire a top-notch powerboat and make the most of our new skills and enjoy the open water."

Andrew and Susan – sports boat owners Chichester

DD Marine training courses

Course joining instructions

For day courses please arrive at 8:45 a.m. for a usual course start time of 9:00 a.m. Your course will run for approximately 8 hours with a 30-minute lunch break and a finishing time of around 5:30 p.m.

Course location

Please meet at DD Marine, Sparkes Marina, 38 Witterings Road, Hayling Island PO11 9SR

Park in the main Car Park to the left as you enter the Marina.

Walk down the quayside and turn right just before the Marina office. DD Marine is on the right-hand side.

For any assistance or queries call Dale on 07764 784614 or Jules on 0783 6579955.

Course refreshments

Toilets and showers on site with tea, coffee and water provided throughout the day.

Whilst lunch is not provided on this course, you can bring your own pack lunch or there is a local nearby convenience store and an excellent restaurant on site called the Drift Bar.

Note: please check Drift Bar restaurant opening times for your relevant course day.

About DD Marine

DD Marine is run by Dale Dibley and a team that are all well known for their marine and general engineering expertise. DD Marine Training has fully qualified staff that understand inside and out what boat owners would like to know to get the most from their sports boat or yacht.

DD Marine is a family business that has serviced boats across south coast marinas for 45 years. With qualified marine engineers and our fully equipped workshop at Sparkes Marina we can service, upgrade or customise any vessel so it runs reliably and at peak performance.

To get more from your own boat, just call DD Marine Services.
